## **Welcome To Nettle Creek School!**

Dear Parent/Guardian,

On behalf of the entire staff, we take great pride in welcoming you to Nettle Creek CCSD #24C. It is a pleasure to have you as part of our school family. We look forward to working with each and every one of you as we embrace the new school year, continue to build on a tradition of academic excellence and provide a positive learning experience.

It is our hope that the following handbook will serve as a set of "Guidelines for Success" for your children. This handbook is intended to help parents and students understand our expectations and clarify potential misunderstandings before they become obstacles to any child's success.

It is essential that parents read the Student Handbook and that students are made aware of its contents. We are more than happy to answer any questions or concerns that you may have. Please note that the information presented in this handbook is intended to match the Nettle Creek CCSD24C School Board Policy Manual (available for review on the District website [www.nettlecreek.org](http://www.nettlecreek.org) and at the District Administrative Office). If there is ever a conflict between Board Policy and the School Handbook, Nettle Creek CCSD 24C Board Policy shall supersede all items within this handbook that are inconsistent with the Board Policy Manual.

Sincerely,

Mr. Al Gegenheimer, Interim Superintendent

Mrs. Marissa Darlington, Principal

## **WELCOME**

The Nettle Creek Board of Education and the elementary staff wish to take this opportunity to welcome you to the 2018-2019 school year. This Parent-Student Handbook is designed to provide important information to students and parents/guardians concerning Nettle Creek CCSD #24C, but please note that this handbook is intended to align with the current Nettle Creek Board of Education Policy Manual (which can be found on-line at [www.nettlecreek.org](http://www.nettlecreek.org)). Any discrepancies found between this handbook and the Nettle Creek Board of Education Policy Manual is unintended and shall defer to official Board Policy. This Student Handbook was created to provide general "guidelines for student success".

The provisions of this handbook are not to be considered irrevocable, contractual commitments between the school and the student. Rather, the provisions reflect the current status of the rules, practices, and procedures currently in place and are subject to change through Board Policies and

procedures. Appropriate action will be taken by the Administration for any situation or incident not specifically covered in this handbook.

We ask that the parents/guardians sign the attached form. Your signature indicates that you have read the handbook, (and Board Policy as one may deem appropriate), and discussed these guidelines with your student(s). Please return the attached form to your child(ren)'s homeroom teacher.

Reported or suspected cases of head lice should be addressed to the school office. The school nurse may be consulted to confirm suspected cases. If a case is confirmed, an informational memo will be sent home with each student, so that parents/guardians may intensify surveillance at home. Confirmed cases will be sent home with written instructions for consulting a physician and/or treatment.

A student may be re-admitted to school immediately after an acceptable treatment has been administered. (Usually a note from a physician, a copy of the prescription, or proof of purchase of an over-the-counter product should be provided.) All persons treated for head lice should be treated a second time within 7 to 10 days following the initial treatment. Students may be re-examined within 7 to 10 days following the initial treatment by the school nurse. A student who is re-examined and is identified as still being infested, will be sent home and not re-admitted to school until written permission is provided by a physician or school nurse.

### **STUDENT MEDICATION**

Immediately following is the medication policy for Nettle Creek CCSD #24C. Please become familiar with the procedures for the administration of medication at the school. Parents/Guardians may pick up additional forms in

the school office should their child need medication at school. Please be sure the child's physician fills out the necessary forms needed.

### **Administration of Medicine to Students**

Medication required by a student shall generally not be administered at school by a district employee (per Board Policy Section 7:270). This policy includes even common widely used preparations such as aspirin or Tylenol.

In compliance with Public Act 87-790 of the Illinois School Code, it shall be the policy of Nettle Creek CCSD #24C that the administration of medication to students during regular school hours and during school-related activities should be discouraged unless absolutely necessary for the critical health and well-being of the student. Under no circumstances shall teachers or other non-administrative personnel be required to administer medication to students. As used in the Act, "medication" is not limited to prescription medications, but includes over-the-counter medications as well. If absolutely necessary, Nettle Creek CCSD #24C shall adhere to the following guidelines for self-administration of medication by students:

#### **Prescription Medication:**

1. The student shall present a note/instructions from the prescribing physician.
2. The student shall present a note of consent from parent or guardian with instructions stating dosage, frequency, and duration of treatment.
3. Medication will be stored and will be under the control of the office.

#### **Non-Prescription Medication**

1. The student shall present a note of consent from parent or guardian with instructions stating dosage, frequency, and duration of treatment.
2. The parent or guardian must provide the non-prescription medicine to the school.
3. Medication will be stored and will be under the control of the office.

This policy shall not prohibit any school employee from providing emergency assistance to students or restrict them from agreeing to administer medication.

### **EMERGENCY CONTACT INFORMATION**

#### **Change of Address/Telephone Number**

Please inform the office if there are any changes to your address or telephone number. This information may be critical in an emergency situation.

#### **Emergency Cards**

It is vitally important that an Emergency Card for each student is completely filled out and kept on file in the main office. Telephone numbers of your home (cell phones), place of employment, relatives, and neighbors are required. The Emergency Cards need to be kept up-to-date for the safety of

your child(ren). If there are any changes during the school year, please notify the school office or your child's homeroom teacher immediately.

### **Home/School Communication** **Parents/Guardians and the School**

We are all well aware that providing the best education for our students can only be done through the cooperation of parents/guardians and the school and their working together to insure that each child's experience is a good one. We at the school encourage each parent/guardian to take an active role in his/her child's education. Parents/Guardians are encouraged to volunteer at school when time allows and school staff express a need. Parents/Guardians are also encouraged to take the time to talk about school with their children and to check homework and special assignments. Parents/Guardians should also feel free to contact their child's teacher regarding that child's progress or problems which may arise.

Parents/Guardians are asked not to drop in unannounced at the school to see their child or their child's teacher during class time. Please call the school to set up an appointment or send a note asking the teacher to call to make an appointment. When visiting the school, always check in at the office upon arrival. For the safety of our students Parents/Guardians are not to go to their child's room without permission from the Superintendent/Principal or office personnel.

### **Drop-off Window System**

We have installed a new drop-off window system. Parents/Guardians must check-in at the window when entering the building. Any items dropped off should to be left at the window. Anyone volunteering in the school will be issued a visitor pass before proceeding past the school office. Please keep your visitor pass visible while in the building.

### **Visitors**

Parents/Guardians are always welcome to visit the school facilities. The school is for your child, and we appreciate your visits. However, we request that you call for an appointment to be assured that the person who you wish to see is available. We ask that you do not bring pre-school children with you on your classroom visitations. All visitors must sign-in in the school office at Nettle Creek and obtain a visitor badge.

### **STUDENT RESPONSIBILITIES**

As citizens of the United States, students are guaranteed certain individual rights; the cost of these "rights" comes in the form of individual responsibilities. Parents/Guardians, teachers, and administrators all have responsibilities too; one of these duties is to protect the individual rights of our students, while

maintaining an educational atmosphere that is conducive to teaching and learning. The concept of balancing the rights of the individual with the rights of society is as valid in the educational community as in the larger community. In short, a student's responsibility here at school (and truly anywhere) is to act or "behave appropriately". The following guidelines are a few specific expectations at District 24C.

1. To become informed of and adhere to reasonable rules and regulations established by your local Board of Education and implemented by school administrators and teachers.
2. To respect the rights and individuality of other students, school administrators and teachers.
3. To refrain from libel, slanderous remarks and obscenity (whether it is verbal, written, a drawing, and/or a gesture). Any form of bullying will not be tolerated (physical, verbal, and/or cyber).
4. To dress and groom in a manner that meets reasonable standards of health, cleanliness, and safety.
5. To be punctual and present in the regular or assigned school program.
6. To refrain from gross disobedience, misconduct, or behavior that materially and substantially disrupts the educational process.
7. To maintain the best possible level of academic achievement.
8. To refrain from cheating, acts of deceptive behavior, or fraud in regards to completing homework assignments or during the taking of classroom exams.
9. To respect the reasonable exercise of authority by school administration and teachers in maintaining discipline in the school and at school-sponsored activities.
10. Students are expected to make every effort to complete assigned work, tests and quizzes as designated by the classroom teacher. Failure to follow school board policies in regards to this work may result in disciplinary measures by the administration and/or board of education.

### **Dress and Grooming**

The student's individual appearance is mainly the responsibility of the student and his/her parents; however, students will dress and groom themselves in an appropriate manner as defined in Board Policy Section 7:160. At all times their dress and grooming will reflect good taste. Each student will be clothed from the shoulders to mid-thigh.

Health and safety standards will be maintained at all times for the protection of the student. Shoes must be worn at all times. Clothing and footwear must not have ornamentation that will damage furniture or floors or create a safety hazard to the student or others. All students must maintain a state of general cleanliness.

Students wearing inappropriate clothing will be sent to the office, and requested to change to appropriate clothing, have clothing brought to them, or be sent home to change before being allowed to attend class. Shirts/blouses

should not have inappropriate pictures, language, or connotations. There should not be bare skin showing between tops and bottoms. "Spaghetti" straps are not to be worn.

### **Personal Hygiene**

Personal cleanliness is expected of every student (for clothing and the individual). The Superintendent/Principal and school nurse are responsible for notifying the student and parents/guardians of problems concerning the cleanliness of students.

### **PARENT/GUARDIAN RESPONSIBILITIES**

1. Assume responsibility for their child's prompt and regular attendance at school.
2. Notify the school when your child is absent.
3. Recognize that, in matters relating to discipline and conduct of the school, the teacher stands "in loco parentis" (in the place of a rational parent or guardian) to the child.
4. Take an interest in all aspects of your child's education.
5. Be in contact with the school and student concerning grades, behavior, and academic progress.
6. Safeguard the physical and mental health of their child and be responsible for periodic health examinations as required by law.
7. Attend individual and group conferences and special school programs, whenever possible.
8. Plan the time and place for homework assignments, and provide necessary supervision.
9. Communicate and cooperate with the school in fulfilling recommendations made, and in carrying out disciplinary actions taken in the best interest of their child.
10. Please follow the "Chain of Command" at our school. If there is ever a concern regarding a teacher, please contact the teacher first, then the principal, and finally the board of education (if necessary).

### **LEGAL RIGHTS OF PARENTS/GUARDIANS**

Nettle Creek Board Policy 6:110, 6:120, 6:130, 6:140, 6:145, 6:160, 6:170, 6:180, 6:190, 7:10, and 7:15 describe Student and Family Privacy Rights and the legal rights of parents and the district's responsibility to provide a free and appropriate education for all students that legally attend Nettle Creek School. The following is a brief listing of the legal rights of parents/guardians whose children are attending a public school in the State of Illinois:

1. To receive a free, appropriate, public school education for your child, special education programs and services are offered for: Visual impaired, Hearing impaired, Physical or Health impaired, Learning Disabilities, Speech and/or Language impaired, Educationally

- handicapped, Behavior disorders, Mentally impaired, and Multiply impaired.
2. To request various diagnostic evaluations free of charge:
    - a. Through the district: psychological, speech and language, perceptual, reading, academic, vision and hearing screenings.
    - b. Through our Special Education Cooperative: early childhood, occupational therapy and physical therapy.
  3. To object to any diagnostic evaluations by anyone other than the classroom teacher.
  4. To actively participate in all multi-disciplinary staff conferences involving your child and to receive a copy of all records resulting from such conferences.
  5. To be involved in your child's educational programming.
  6. To request that your recommendations be included on the multi-disciplinary staff conference record form.
  7. To object to any or all multi-disciplinary staff conference recommendations.

  9. To request an impartial due process hearing when there are differences between you and the local school district which cannot be resolved through the procedures regularly utilized by the district.
  10. To remove your child from a special education program and/or service at any time. This request must be in writing and signed by the parents or guardians.
  11. To be granted access to all official records pertaining to your child. To know that your child's records will not be released to anyone other than school or educational officials without your informed, written consent. To be provided an opportunity to review, challenge or rebut the information contained in these records.
  12. To receive, upon request, a copy of the Rules and Regulations To Govern the Administration and Operation of Special Education.
  13. To know that your child in special education will not be suspended or expelled for behavior or a condition which is, or results from, his or her handicapping disability (an exceptional characteristic as defined in the Illinois Revised Statutes). Suspension or expulsion is warranted due to the physical danger to the student himself, other students, faculty, or school property caused by the child's presence. However, if your child has been suspended the local school district will be responsible for developing and providing an appropriate educational program during the period preceding renewed special education placement.
  14. To have your child participate in the annual screening of children between the ages of three and five in order to identify those who may need special education.

15. To have your child participate in hearing and vision screenings at regular intervals during the child's school career.

Also, a booklet, entitled: The Educational Rights of Handicapped Children: A Parent's Guide was developed to assist local education agencies in advising parents or guardians of the rights of exceptional children. A copy may be obtained by contacting the Illinois State Board of Education, Department of Specialized Educational Services, 100 North First Street, Springfield, Illinois 62777.

## **STUDENT ATTENDANCE AND ABSENCES**

### **Attendance**

State of Illinois Law requires all children between the age of 6 and 17 to attend school on a regular basis. The school district relies upon parents or guardians to have the child at school regularly and punctually, except in cases of illness, disability, or death in the family. A record of all work missed by a student will be maintained by the homeroom teacher. Students are responsible for all work assignments and/or tests missed while absent.

Certificates of Perfect Attendance will be awarded to students who have perfect attendance during a specific grading period. Awards will be presented to those students who have perfect attendance for the school year.

### **Absences**

State Law (and Board Policy Section 7:70) requires that all students be regular and punctual in attendance. Under state law, if an absence exceeds 300 minutes (5 hours) of the school day, the student is recorded absent. If a student is in attendance 150 minutes (2 ½ hours), it would be recorded as a half day absent. An excused absence is one where the student is absent due to illness, a doctor's appointment, funeral, family emergency or other necessary prearranged absence. Each student is allowed two and a half (2.5) excused absences per quarter without a doctor's excuse. Whenever a child misses school due to a visit to the doctor, a written excuse from the physician needs to be brought to the office within 72 hours of the absence so that it doesn't count as unexcused. Students will be allowed a day for each day absent to make up any work that is missed and will be given credit for all work that is made up.

As defined by Illinois Law (and Board Policy Section 7:70) the district Superintendent shall manage an absenteeism and truancy program. On occasion when the student is considered TRUANT, the student's absence will be considered unexcused. No credit will be given for work on those days. In addition, the student will be required to make up an amount of time equal to the time missed. This time will be taken from the student's recesses, noon breaks, and before or after school.

When it is necessary for your child to be absent, the parent or guardian is requested to call the school in the morning by 9:00 a.m. explaining the absence. Current Illinois Law requires us to call you within two hours of the start of school if a child is absent without the cause being known to the school district.

If a student is absent two or more days in succession, we would appreciate a call from the parent or guardian each day, unless we are informed of an extended illness. Upon returning to school from a contagious disease or communicable illness, the child must have a note from a physician before returning to school.

Absences for family vacations or trips during school time is discouraged. However, should the need arise, such trips will be treated as any other absence. Please notify the school in advance of the trip. Students will be expected to make up all work upon returning to school and will be allowed make-up time equivalent to the time the student was absent.

### **Student Tardies**

Under normal circumstances, any student who arrives later than 8:15 a.m. at Nettle Creek will be considered tardy. Any student who has more than three unexcused tardies in a quarter will then serve a 20-minute after school detention for each additional tardy.

### **Attendance Associated with Extra-Curricular Activities**

Students must be in attendance no later than 12:30 p.m. in order to participate in extra-curricular activities scheduled for that day.

### **Students Leaving School During the School Day**

During the school day, no student will be allowed to leave the school building or grounds, for any reason, without proper authorization from parents or guardians. Should a student need to leave, the parent/guardian must check in and wait at the school office. Office personnel will go to the classroom for the child. In the event that the student should be picked up by someone other than the parent or authorized person, the parent must notify the school in advance and the second party must sign the student out. Only students whose parents have given proper notification to the school office will be dismissed during the school day.

In case of accident or illness, parents will be notified and arrangements for the child to be picked up from school will be made. Under no circumstances will unauthorized persons be permitted to take the student from school. Authorized persons will be those listed on the student's emergency form or those persons who are designated by the parent to the school by some form of direct communication.

### **ACCIDENTS**

Students are responsible for reporting all injuries or illness to their teachers or supervisors. In the event of a serious injury or illness, staff members will

- a) Provide emergency care and administer required first aid until either parents or medical authorities assume responsibility
- b) Notify the child's parents or other authorized person designated by the parents, and
- c) If warranted, get the child to the hospital via ambulance.

### **GRADES AND GRADE REPORTING**

The school is on a quarterly nine week grading period schedule. Grade reports will be available to parents at the end of each nine week period. At the end of the first five weeks of each grading period, progress reports will be sent to parents to indicate any possible grade problems.

Grades will be assigned according to the following scale:

- A = Superior (92.6% to 100%)
- B = Above Average (84.6% to 92.5%)
- C = Average (76.6% to 84.5%)
- D = Below Average (70.6% to 76.5%)
- F = Failure (0% to 70.5%)

Kindergarten will be assessed as:

- I = Improving
- S = Satisfactory
- N = Needs Improvement

The grade for each grading period may contain either "+" or "-" marks to indicate the relationship of the grade to the extreme ends of each grade's percentage scale.

### **STUDENT RECORD INFORMATION**

Students and/or parents/guardians may obtain transcript information by contacting the Nettle Creek CCSD #24C office. Nettle Creek CCSD #24C adheres to the guidelines relating to the confidentiality of student information, provided by Board Policy Section 7:340 and Public Law 93-380. Two types of records concerning students are maintained at Nettle Creek School:

1. The Student Permanent Record includes the minimum personal information necessary to a school in the education of a student. Such information includes the student's name, birth date, address, accident and health reports, grades, attendance, and graduation date.
2. The Student Temporary File includes all information not required to be in the student permanent record. Such information may include family background, intelligence test scores, aptitude test scores, psychological and personality test results, teacher evaluations, and other information of clear relevance to the education of the student. All are subject to regulations of the State Board of Education. Nettle Creek Elementary will implement the following procedures concerning the student records, based upon the Illinois School Student Record Act of 1975.

### **Rights of Parents/Guardians (Student Records)**

1. Parents/Guardians have the right to inspect and copy the educational records of their children to insure that these records are not inaccurate, misleading, or otherwise in violation of the privacy or other rights of students.
2. Parents/Guardians may request the correction or deletion of any such data which they consider to be inaccurate, misleading, or otherwise inappropriate.
3. The specific dated written request of parents/guardians is required prior to the release of information regarding students.

### **Release of Records**

Nettle Creek CCSD #24C will not release to any third party the educational records of the students without written permission of their parents/guardians other than for the following exceptions:

1. School officials and teachers.
2. Officials of other schools after a student has transferred.
3. State or federal officials for audit purposes or for reporting information required by the state statute.
4. Financial Aid officials in connection with a student's application for aid.
5. Educational agencies approved by the State Superintendent of Education for developing, validating, and administering predictive tests, if such information will not permit identification of individual students.
6. Accreditation organizations, on order to carry out their function.
7. Appropriate persons who, in case of emergency, need information to protect the health or safety of students.
8. In response to court orders.

### **HONOR ROLL/GPA/NJHS/TEACHEREASE**

Students in the fifth grade through eighth grade shall be eligible for Honor Roll recognition each grading period, providing they meet the following grade point requirements:

Straight A = Grade point average of 4.0

A Honors = Grade point average of 3.51 to 3.9

B Honors: = Grade point average of 3.00 to 3.50

With the exception of Music and P.E., all grades earned by a student during a specific grading period will be used to determine Honor Roll Recognition (see the following example).

### **GPA**

A = 4 points

B = 3 points  
C = 2 points  
D = 1 point  
F = 0 points

GPA is calculated by adding up the total number of points and dividing by the total number of subject areas.

EXAMPLE (subjects listed under "CURRICULUM"):

$$A-B-C-A-B-C-A=4+3+2+4+3+2+4= 22 \text{ pts}$$
$$22/7 = 3.14 \text{ GPA}$$

### **NATIONAL JUNIOR HONOR SOCIETY**

Seventh and eighth grade students will be considered as possible candidates for induction into the National Junior Honor Society if their grades for the first three quarters in all courses are a B or better. Candidates will also be considered on the basis of citizenship, service, leadership, and character.

### **TEACHEREASE (Internet-Based Grading and Communication System)**

In an effort to improve student performance Nettle Creek CCSD #24C will be using an Internet-Based system to communicate with parents and keep students and parents/guardians up to date. It will allow parents/guardians to login and view student scores on assignments etc. It will also allow teachers to e-mail parents/guardians when they have events in class, good effort, missing assignments, or any other necessary correspondence. Parents/Guardians and students may also e-mail teachers through this system. Our hope is that improved communication with parents/guardians will result in greater academic achievement for students. Students have and can check on their progress at any time too.

## **CURRICULUM**

### **Subject Areas**

The Curriculum at Nettle Creek complies with Illinois law, Illinois State Board of Education guidelines, and Board of Education Policy Sections 6:60 and 6:120. In general the subject areas are as follows: Math, ELA, Science, Social Studies, Vocabulary, Physical Education, and Music. In addition the Nettle Creek Board of Education prohibits discrimination and promotes equal educational opportunities per Board Policy 7:10.

### **Physical Education**

Each child is expected to participate in PE class each day unless excused for some legitimate reason. Parents/Guardians may request that their child be excused from PE for no more than 1 day. After that time a Doctor's note is needed for the student to be excused from PE. The grade of any student who

does not participate in PE for any reason other than illness or injury will be affected.

### **Promotion/Retention**

The criteria for each grade level will be reviewed and determined annually by the faculty, Administration, and Board of Education. A list of exit skill expectations have been developed and will be used as necessary in aiding the determination of a child's achievement for a given grade level. Those students who have Individualized Education Program (IEP), those students who have already been retained, or those students who have been determined to have other special needs and do not have an IEP may be exempt from the use of the exit skills in determining placement for the following year.

If a child is seriously being considered for retention by school personnel, the parents/guardians will be contacted and invited to a Parent-Teacher Conference to discuss the situation. Parents/Guardians wishes and recommendations will be considered, but school personnel reserve the right to make the final decision.

#### Kindergarten

Students who demonstrate a low mastery of skills and/or concepts and who in the professional opinion of the Kindergarten teacher will not be successful in first grade, may be retained for one school year providing:

1. Meetings have been held with the student's parents or guardians to discuss the child's progress or lack of progress.
2. The parents or guardians agree to retention,
3. If the parents or guardians do not agree, a letter (signed by the parent or guardian) indicating their desire to have the child promoted to first grade against the recommendation of the teacher is placed in the student's folder.

#### Grades 1 and 2

Students failing in one or more of the following subjects: Reading, Math, English, and/or Phonics at the conclusion of the school year will be retained upon the recommendation of the classroom teacher. A conference with the student's parents/guardians must be held to discuss the retention. However, parent/guardian agreement is not necessary. According to the School Code, the Superintendent/Principal makes the final decision.

#### Grades 3 to 8

Students failing one or more of the following subjects: ELA, Math, Social Studies, Government (Constitution Tests, Grade 8), and/or Science at the conclusion of the school year will be retained upon the recommendation of the classroom teacher. A conference with the student's parents/guardians must be held to discuss the retention. However, parent/guardian agreement is not

necessary. According to the School Code, the Superintendent/Principal makes the final decision.

### **Homework**

The philosophy of Nettle Creek CCSD #24C is to increase student learning through guided and individual practice that challenges each and every student to reach his or her fullest potential.

The purpose of “homework” is to practice, reinforce, and enrich concepts, skills, and strategies that aid student learning. Teachers monitor homework and classwork daily to determine student understanding of these concepts, skills, and strategies.

Parents, Students, and Teachers play an important role in learning.

#### Teacher Responsibilities are as follows:

- Design homework to aid student learning;
- Design homework to be completed by the child with minimal assistance from others;
- Communicate to the student the purpose, directions, and expectations for homework;
- Use student work to guide lesson planning and the need for remediation and/or review.
- Provide timely and appropriate feedback to students and parents on an individual basis, as deemed necessary by the teacher.

#### Student Responsibilities are as follows:

- Have a system for recording homework on a daily basis (planner);
- Have a clear understanding of the homework assignments before leaving school (ask questions as needed);
- Have the books and materials necessary to complete the assigned homework;
- Allocate an appropriate place and time daily for the completion of homework;
- Turn in homework assignments when due.

#### Parent Responsibilities are as follows:

- Provide an appropriate time and place for students to complete homework daily;
- Provide your child with patient and appropriate support along with the basic materials needed to successfully complete their homework assignments;
- The expectation for homework to be completed and turned in when due;
- To encourage critical thinking, promote accountability, and monitor student effort while showing patient and appropriate support (please do not do the homework for your children).

#### Administrator Responsibilities:

Additionally, the Administrator(s) at Nettle Creek will support Students, Parents, and Teachers as follows:

- Assist in the dissemination and implementation of the homework guidelines to all teachers, parents, and students.
- Help to explain, clarify and interpret all parts of the guidelines, and to assist in the mediation of disputes regarding homework practices.
- To monitor and provide support for all stakeholders throughout the school year.

Amount/Frequency – homework will vary based on:

- Grade level
- Classroom objectives learned
- The individual need(s) of each student

Again, the purpose is to practice, reinforce, and enrich concepts, skills, and strategies that aid student learning.

Nettle Creek follows *General Guidelines for the Amount of Time Spent Per Evening on Homework* that are similar to those promoted by the **National PTA**. They are as follows:

Grade K:	10 minutes of homework per night
Grade 1:	20 minutes of homework per night
Grade 2:	30 minutes of homework per night
Grade 3:	30 minutes of homework per night
Grade 4:	40 minutes of homework per night
Grade 5:	50 minutes of homework per night
Grade 6-8:	60 minutes of homework per night

*Students should spend roughly 10 minutes per night per grade level.*

### **Good Study Habits**

"Parents Make the Difference" is not just a cliché; it is a fact backed by research. Students need parent help and guidance to develop good study habits. Below you will find suggested ways to assist your child to develop study skills necessary for academic success at Nettle Creek and beyond:

1. Establish an environment that it is conducive to studying (learning):
  - a. Choose a quiet place in your home for your child to use daily.
  - b. Maintain a consistent study place throughout the year.
  - c. The study area should be well lit and free from distractions.
  - d. Establish a consistent study time (that takes precedence over less important activities, including video games and TV).
  - e. Providing a consistent study time and place daily will yield student academic success, which will build student self-esteem.
2. Physical readiness:
  - a. Have your child's eyes examined.
  - b. Good nutrition, rest and varied recreation are valuable assets to a student's intellectual growth.

- c. A sudden change in your child's study habits or grades may indicate a physical problem and you should consult your physician.
- 3. Help motivate your child:
  - a. Set up home study periods of reasonable length, allowing more time for difficult subjects or projects.
  - b. Provide necessary books. Study materials should be well organized and close at hand.
  - c. Vary types of study activities:
- 4. Recite, Visualize, Write
- 5. Silent reading, Memorization.
  - a. Encourage your child to begin tasks when they are assigned.
  - b. Avoid last minute cramming for exams and last minute class preparation.
  - c. Work together when necessary.
  - d. Be Patient With Your Child. Give him/her time to grasp new ideas. Don't Get Angry. Remember you are older and more knowledgeable than your child. Be a helper, not a disciplinarian.
  - e. Praise your child for his/her success.
  - f. Encourage a positive attitude toward learning.
  - g. Request a conference with the teacher when there are areas of concern.
  - h. Show concern by keeping abreast of your child's progress.

### **Academic Eligibility/Extra-Curricular Activities**

Eligibility and participation in Extracurricular Activities is subject to academic and behavioral requirements defined in the Athletic Handbook and Board Policies 6:190 and 7:240. Students must be in attendance no later than 12:30 p.m. in order to participate in extra-curricular activities scheduled for that day. Students misbehaving at school-sponsored activities may be asked to leave school facilities. (See page 22)

### **Specialized Programs of Instruction and/or Information Sharing Annual Notification**

Documents required under the AHERA law are complete and on file at their respective buildings. Learning Assessment Plans (instruments and procedures) and School Improvement Plans as required by the Illinois State Board of Education, are on file at the Nettle Creek facility. Nettle Creek District 24C is in compliance with the Family and Medical Leave Act, the School Visitation Rights Act, and cooperates with local law enforcement agencies. Forms and information are posted and available in the office.

## **STUDENT DISCIPLINE AND CONDUCT**

### **Consequences**

In the event a student is not responding to the positive reinforcement system, Nettle Creek School has established a set of “natural” student consequences. The ultimate “GOAL” of our student discipline program is to avoid behavior that is disruptive to student learning and social emotional growth. Student consequences may include but are not limited to warnings,

parent phone call, loss of privileges, lunch detentions, detentions, parent conferences, in-school suspensions, and out-of-school suspensions. All student consequences will be monitored through an office referral system. Parents will receive a copy of the office referral sheet when a student has been referred to the office. The purpose of these referral sheets is to provide a communication trail between home and school. Therefore a copy of the referral sheet needs to be signed and returned to the office by the next day.

### **Prohibited Items**

According to Board Policies 4:170 and 7:190 the possession, use, and/or distribution of the following items of property is prohibited at all times on all school property and for all school events, including without limitation, in school buildings, on school property, on school buses, for all school sponsored or school sanctioned activities (such as field trips, athletic trips, and music trips), and at all times during the day, evenings, or on weekends (including before, during, and after school hours):

- PORNOGRAPHIC MATERIALS
- ALCOHOL, DRUGS, INHALANTS, DRUG PARAPHERNALIA, or LOOK-ALIKE DRUGS
- FIREWORKS or EXPLOSIVES
- KNIVES, GUNS, or OTHER WEAPONS
- TOBACCO and RELATED PRODUCTS
- PROPERTY OBTAINED BY THEFT
- UNAUTHORIZED ITEMS or MATERIALS DEPICTING and/or ADVOCATING VIOLENCE, HATE, or DESTRUCTION

### **Student Discipline Code**

This uniform discipline code has been established and will be enforced uniformly for all students in the Nettle Creek CCSD #24C according to Board Policy (section 7:190). The appropriate level of discipline will be determined by the misconduct.

Listed in this booklet are the offenses which are prohibited and the disciplinary actions and procedures which may be used in dealing with those offenses. As students advance in age and maturity, they will assume greater responsibility for their actions. In each case, staff members shall recognize the differences in age and maturity and shall consider all mitigating circumstances prior to disciplinary action and ensure due process for each student. Mitigating circumstances include, but are not limited to, the following factors:

- age, health, maturity, and academic placement of student
- prior conduct
- attitude of student
- cooperation of parents
- willingness to make restitution
- seriousness of offense

- predetermined handicap

This handbook is not intended to create a contractual relationship with the student; rather it is intended to describe the school, and general practices, procedures, rules, and regulations (or code of conduct). Therefore, the following list of offenses is not intended to be all inclusive, but rather exemplifies that type of conduct which is prohibited.

In addition, each grade level will have some individual policies that are unique. Disciplinary responses may include, but are not limited to, the actions described in this handbook.

### **Discipline of Students with a Disability**

In general, students with disabilities will be held accountable according to Board Policy Section 7:230. In general students with disabilities will be subject to the same expectations for appropriate conduct as non-disabled students. Students with disabilities have the right to receive the educational benefits provided by the school's discipline code and policies. For students receiving special education services, the Individual Education Program conference will determine if the disability will prevent the student from comprehending and appreciating the requirements of the student discipline code or impact upon the ability to conform to the requirements for acceptable conduct.

In situations where serious behavior problems arise which require the use of restrictive behavioral interventions, the interventions will be implemented in accordance to the IEP of the student. Restrictive behavioral interventions for serious behavioral problems not anticipated by the IEP may be used in emergency situations.

### **Boundaries of Enforcement of Student Discipline Code**

The Student Discipline Code shall be enforced on all school property, on the school bus, and at all extra-curricular activities. Additionally, in order to allow students to traverse to and from school property in a safe and orderly fashion, the Discipline Code shall apply to prohibited conduct occurring on property within 1,000 feet of school ground or prohibited conduct that is plainly visible to a person situated on school grounds, even if the conduct occurs off school property.

### **Bus Discipline Policies**

The District's Transportation Policy (including eligibility for Transportation Services) can be found under Section 4:110 in the Board Policy Manual ([www.nettlecreek.org](http://www.nettlecreek.org) or through the Superintendent/Principal's office). Below you will find general guidelines to ensure student safety and success.

School bus riders, while on a school bus, are under the jurisdiction of the school bus driver and any other adult designated by the Nettle Creek CCSD #24C Board of Education to supervise students riding the bus. Student Conduct on the school bus is subject to Board Policy Section 7:220.

Parents/Guardians and students must understand that the bus driver is in full charge of the discipline of students and operation of the bus. His/her relationship with students should be on the same plane as that expected of a teacher. Students must obey the driver carefully and promptly. The right of all students to ride on the bus is conditioned on their continued good behavior and observance of the rules and regulations. The bus driver must devote one hundred percent of his/her attention to driving the school bus and therefore should not be distracted by the improper conduct of students riding on the bus. Safety demands complete cooperation. Should any student persist in violating any of the rules and regulations, it shall be the duty of the driver to notify the Superintendent/Principal. Appropriate disciplinary action will be taken for violation of bus regulations.

Bus transportation is provided under the State Transportation Program for students and in accordance with the School Code of Illinois. Bus drivers will only stop at scheduled pick-up and drop-off points. They will not wait for students who are not ready to board the bus at the time of its arrival. Bus riding privileges may be removed from a student for disruptive behavior or not following the directions of the bus driver. If conditions warrant, the bus driver may remove a student from the bus. When it becomes necessary to keep a student after school for disciplinary reasons or to make up work, parents/guardians will be notified in advance so that they can make plans for picking up their child from school. Parents/Guardians planning on picking up their children after school must arrive prior to the bus's departure. If they are not present, the students will be sent home on the bus, unless there is a written note from the parent/guardian stating who will pick up the child from school. Please note: Students will not be released to the parking lot until all buses have pulled out.

#### RULES OF STUDENT CONDUCT ON BUSES

1. The driver is in charge of the bus and students. Students must obey the driver.
2. Students must not get onto the bus or off the bus while it is moving.
3. Students must not crowd to get on or off the bus.
4. No moving about in the bus while it is moving.
5. No fussing or scuffling for seats.
6. Students must be on time.
7. No sticking head or arms out the windows and no yelling at people along the road side.

9. Students are to sit facing the front of the bus and are not to put their feet in the aisle or on the seats.
10. Unloading - when students must cross the road to be picked up, the driver, after looking for approaching cars, will beckon them to cross. Wait for the proper signal and then cross promptly.

11. Unloading - at discharge points where it is necessary for the student to cross the highway, the student should stand on the shoulder of the highway until the bus driver motions him or her to cross.
12. No profanity.
13. No "over-friendliness" between students.
14. No use of tobacco in any form.
15. Students must not throw waste paper, gum or rubbish anywhere in the bus.

17. Students should report any damage to the bus to the driver.
18. Students are not to use the emergency door except in emergency situations.
19. Bus drivers are authorized to assign seats to one and all students.
20. Students may not change buses or change their place of unloading from the bus without written permission from their parents/guardians and permission granted by the school office.
21. There is a zero tolerance policy for bullying/hazing and any type of threats that would warrant loss of bus privileges or possible further disciplinary action.

### **Searches**

According to Board Policy Section 7:140, in an effort to maintain order and security in the school, the Superintendent/Principal, his/her designee, and other appropriate school authorities may inspect and search lockers and other places and areas such as desks, parking lots, and other school property and equipment owned or controlled by the school, as well as personal effects left in those places and areas by students, without notice to or the consent of the student, and without a search warrant.

Students have no reasonable expectation of privacy in these places and areas or in their personal effects left in these places and areas. School authorities may request the assistance of law enforcement officials for the purpose of conducting inspections and searches of lockers, desks, parking lots and other school property and equipment owned or controlled by the school for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

If a search conducted in accordance with this paragraph produces evidence that the student has violated or is violating either the law, local ordinance, or the school's policies or rules, such evidence may be seized by school authorities and disciplinary action may be taken.

School authorities may also turn over such evidence to law enforcement authorities.

### **Searches of the Person**

The Superintendent/Principal and his/her designee may search the pockets of outerwear clothing and any object in the possession of the student such as a purse, satchel, backpack, or briefcase, if circumstances exist which cause a reasonable person to believe that such a search will lead to the discovery of one or more of the prohibited items named above. The Superintendent/Principal or his/her designee shall not require a student to remove any article of clothing and shall not "pat down" the body of any student, except under circumstances which create a probable cause that the student has hidden or concealed in the student's clothing, on the student's body, or in any object possessed by the student, any of the prohibited items named above. If it becomes necessary the appropriate law enforcement agency would be called in to conduct the search.

### **Notice of Search**

The student's parent shall be notified if any search leads to discovery of any prohibited items. The notice to the parent/guardian shall be made by letter through the U.S. mail or by personal delivery.

### **Cooperation with Police and Prosecutors**

Representatives of the school district will in good faith and with due diligence report to and cooperate with the police or other persons responsible for investigating and prosecuting persons suspected of violating criminal law.

### **Custody of Prohibited Items**

Representatives of the School District will turn over to appropriate law enforcement officials any of the above named prohibited items when discovered on or in the possession of the student, when such turn over is requested by the law enforcement officials. Except when turned over to appropriate law enforcement officials, any prohibited item named above, when discovered, shall remain in the possession of the School District in sealed envelopes or similar sealed packages until such items are no longer needed for any disciplinary or legal proceedings.

### **Alcohol and Drugs**

Use of alcohol or unprescribed drugs will not be tolerated. The use or possession of alcoholic or unprescribed drugs by students at school, on school property, or at a school function or activity will result in immediate suspension (and may be subject to a recommendation for expulsion). When a substance is determined to be an illicit or "look alike" drug, the identity of the student shall be given to the proper authorities for prosecution. Any student who is found to be

using, trafficking in, or in possession of alcohol or unprescribed drugs (including "look alikes") may be suspended from school for up to ten days, with a recommendation to the School Board of expulsion (for up to two years), according to Board Policy Section 7:190. All prescription drugs, medicine, stimulants must be turned into the office for dispensing. A letter from the parent must accompany the medicine stating the dosage and duration the student is to be taking the prescription. The letter will be kept on file in the office.

### **Soda**

State law prohibits schools from selling soda to students during school hours. The School Wellness policy is on file in the administration office if anyone wishes to request a copy.

### **Gross Disobedience and Misconduct**

Gross Disobedience and/or Misconduct will be dealt with seriously according to Board Policy. Each incident of gross disobedience and/or misconduct will be dealt with individually. Gross disobedience and/or misconduct is defined to include the following student behaviors and/or actions:

1. Behavior which is injurious to persons or property, or which directly threatens injury to person or property.
2. Behavior which substantially and materially disrupts the educational process or discipline in the school.
3. Repeated minor incidences of misbehavior as described in the discipline code for which other disciplinary measures have failed to deter.
4. Gross disrespect which includes insubordination, intimidating or attempting to intimidate school personnel or another student, fighting with or assaulting school personnel or students, and verbal abuse or use of profanity or obscenity to school personnel or other students.
5. Smoking and/or possession of smoking materials on school buses, in school buildings, or on school grounds.
6. A student is found to be using, possessing or distributing alcohol or unprescribed drugs.
7. Repeatedly failing to comply with the directions of teachers, student teachers, substitute teachers, teacher aides, or other authorized personnel during any period of time when he/she is properly under the authority of school personnel.
8. Repeated truancies and/or unexcused absences which are detrimental to the welfare of the student and disruptive of the educational process.
9. Repeated tardiness which substantially disrupts the educational process.
10. Students found in the school building or upon its property (school property includes all properties owned and maintained by the Board of Education, District 24C) for any purpose other than as related to

school activities shall be considered trespassers, and a violation of criminal law, which will be referred to the proper law enforcement authorities.

### **Prevention and Response to Bullying**

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important District goals (Board Policy 7:180).

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the School District or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This paragraph (item #4) applies only when a school administrator or teacher receives a report that bullying through this means has occurred; it does not require staff members to monitor any non-school related activity, function, or program.

Definitions from Section 27-23.7 of the School Code (105 ILCS 5/27-23.7)

Bullying includes cyber-bullying and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or

4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Cyber-bullying is also prohibited according to Board Policy (7:190). Cyber-bullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. Cyber-bullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. The academic penalty assessed for suspension should be commensurate with the length of the suspension and the academic work missed.

1. The teacher immediately takes charge.
2. Students pass quietly into the hallways.
3. Sit on knees facing the wall in the assigned bathrooms.
4. Do not block doorways.

The same procedures should be followed when classes are not in session.

### **Tornado**

In the case of a tornado, the following procedures will be followed:

2. Tornado Warning: The school will immediately be notified and your child will remain at school and be placed in a designated shelter area that will offer maximum possible safety for the child.

- A. Please Do Not Call The School District: Excessive calls jam the telephone lines and reduce communication with emergency services.
- B. Do Not Come To School For Your Child: unless you receive a call to do so. This causes congestion. Not only on the road, but at the school, and could possibly endanger your lives and the lives of your children.

Finally, it is important to note that your child will NOT be released during a warning condition! If a parent/guardian insists on coming to school, we will release children to their parent/guardian only, providing the parent/guardian signs a release for the child. Children will not be released to another adult, either friend or relative unless they are listed as an emergency contact.

### **Fire Instructions**

11. Teachers should take roster and check roll to insure that all students are accounted for.

Instructions for disaster drill and fire drill are posted in each room. These instructions tell the closest exit and disaster safe areas.

### **Crisis/Lockdown Procedures**

### **ELECTRONIC DEVICES**

No images of the school or school property may be transmitted without authorization of the superintendent/principal. Using or possessing an electronic paging device. Using a cellular telephone, video recording device, personal digital assistant (PDA), or other electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. ### **FIELD TRIPS**

A field trip is a faculty supervised trip with a group of students off the school premises. The Board of Education intends these field trips to augment the basic curriculum being taught.

The trip should demonstrate and directly relate to the course of study. The Board of Education expects the trips to be conducted according to the rules and regulations of the district without becoming excessively frequent. The faculty member planning the trip should prepare the class for the trip, conduct it with the course of study in mind, and follow-up with reinforcing instruction in the classroom.

Written permission must be given by the parents/guardians before any child is allowed to go on a field trip. If written permission is not received by the day of the trip, the child will not be allowed to go on the trip. Teachers may select parent/guardian chaperones and are to orient them of expectations with regards to discipline and duties.

Because the full attention of parent chaperones is required, no younger siblings will be allowed to attend with chaperoning parents. Also, because being a chaperone includes helping to monitor student behavior on the school bus, all chaperones are required to ride the bus to and from the field trip site.

### **FIELD TRIP CONDUCT**

1. The same rules as those for a bus route must be observed.

2. The teachers and chaperones are to supervise the students to enable the driver to drive the bus safely.
3. At least one adult will supervise students.
4. Absolutely no smoking or chewing tobacco by students, teachers, or chaperones will be allowed on the bus.
5. All students are to be picked up and unloaded on school property only.
6. Teachers are to go over the rules with students before boarding the bus, including evacuation.
7. Teacher should check with the bus driver a few days before the trip relative to destination, time for pick up, and number going.
8. If you have a cell phone, it may be used to play games and/or apps. You are not allowed to text or make phone calls during a field trip.

### **GENDER EQUITY**

Nettle Creek CCSD #24C shall, in accordance with Illinois Law, Section 200.40(e), review and/or modify any policy or practice that does not meet the requirements set forth by the amended rules for Sex Equity and take remedial steps to eliminate the effects of any discrimination resulting from such policy or practice. Said review shall be conducted by the Superintendent/Principal. Any resulting modification of policy or practice shall be submitted to the Board of Education for their approval. Grievances may be submitted in writing to the Board of Education who will render a written decision within ten (10) days. Further appeal may be made to the Regional Superintendent and then the State Superintendent of Education.

### **LOCKERS**

School Lockers are the property of the school district and as a result the district has the right to search student lockers (Board Policy 7:140). Lockers will be furnished in grades 3-8. Lockers should be kept clean and neat. Locker doors are to be kept closed during class session. Report all locker problems to the office promptly. Students should not bring large sums of money or valuable items to school and place them in their locker. In the case of missing items, these items are the responsibility of the student and not the school. Locks will not be permitted.

### **LOST AND FOUND**

When you lose something, it belongs to you -- when you find something, it does not. Anything you find should be given to the school office for placement in the lost and found. If you lose anything, you may look through the lost and found box.

### **SELLING ITEMS**

Students are not to sell anything at school unless it involves school approved projects. The sale of personal items will not be permitted.

## **SCHOOL CLOSING AND ANNOUNCEMENTS**

A Connect Ed message will be sent out to all Nettle Creek families and staff. Radio Station WCSJ (103.1 FM) or WJDK (95.7 FM) will broadcast emergency closings, emergency early dismissal information or extra-curricular cancellations. Be sure to tune in if hazardous weather is anticipated.

## **STUDENT INSURANCE**

Each student in the district is covered by accident insurance for incidents which occur at school or at school functions or activities. This policy is strictly a supplemental policy which is designed to help take care of the deductible portion of regular health insurance. Additional accident and extra coverage can be purchased by the parent/guardian at an additional cost. Students must report all accidents or injuries to their teacher or the school office immediately upon their occurrence. Should a student be seriously injured at school or at a school function, parents/guardians will be notified. Parents/Guardians should always obtain an insurance claim form from the school office prior to taking the student to a doctor or hospital. If the parent/guardian should decide to take the student to the doctor after school hours or on a day when school is not in session, the parent/guardian should notify the school as soon as possible and pick up the necessary accident insurance claim to be submitted to the doctor. DO NOT Charge a medical visit to Nettle Creek CCSD #24C.

## **SUGGESTIONS, COMPLAINTS AND/OR GRIEVANCES**

Suggestions, complaints and/or grievances from persons other than employees and/or students of Nettle Creek CCSD #24C shall first be brought to the attention of the classroom teacher, if the suggestion, complaint and/or grievance pertains to that person. Contact of staff members should be during school hours only, unless in the case of an absolute emergency.

If the suggestion, complaint and/or grievance does not directly concern a staff member, or if not properly resolved in a meeting with the staff member, it shall then be brought to the attention of the Superintendent/Principal.

Appointments should be made with the appropriate staff member in advance to expedite any concerns or suggestions.

## **SEX OFFENDER COMMUNITY NOTIFICATION LAWS**

State law requires schools to notify parents/guardians during school registration or parent-teacher conferences that information about sex offenders and violent offenders against youth is available to the public on the Illinois State Police's website. The Illinois State Police website contains the following:

Illinois Sex Offender Registry, [www.isp.state.il.us/sor/](http://www.isp.state.il.us/sor/)

## **TELEPHONE USAGE**

The telephone in the school is for the conducting of school business. Parents/guardians are urged not to call their children during school hours unless it is an emergency. Students will not be permitted to use the phone unless in an emergency where the parent or guardian must be notified.

## **UNIFORM GRIEVANCE PROCEDURE**

A student, parent/guardian, employee, or community member should notify any District Complaint Manager if he or she believes that the School Board, its employees, or agents have violated his or her rights guaranteed by the State or Federal Constitution, State or Federal statute, or Board policy, or have a complaint regarding any one of the following:

The Complaint Manager will attempt to resolve complaints without resorting to this grievance procedure and, if a complaint is filed, to address the complaint promptly and equitably. The right of a person to prompt and equitable resolution of a complaint filed hereunder shall not be impaired by the person's pursuit of other remedies. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies. All deadlines under this procedure may be extended by the Complaint Manager, as he or she deems appropriate. As used in this policy, "school business days" means days on which the District's main office is open.

## **Filing a Complaint**

A person (hereinafter Complainant) who wishes to avail him or herself of this grievance procedure may do so by filing a complaint with any District Complaint Manager. The Complainant shall not be required to file a complaint with a particular Complaint Manager and may request a Complaint Manager of the same gender. The Complaint Manager may request the Complainant to provide a written statement regarding the nature of the complaint or require a meeting with a student's parent(s)/guardian(s). The Complaint Manager shall assist the Complainant as needed.

### **Investigation**

The Complaint Manager will investigate the complaint or appoint a qualified person to undertake the investigation on his or her behalf. If the Complainant is a student under 18 years of age, the Complaint Manager will notify his or her parent(s)/guardian(s) that they may attend any investigatory meetings in which their child is involved. The complaint and identity of the Complainant will not be disclosed except: (1) as required by law, this policy, or (2) as necessary to fully investigate the complaint, or (3) as authorized by the Complainant.

The identity of any student witnesses will not be disclosed except: (1) as required by law or any collective bargaining agreement, or (2) as necessary to fully investigate the complaint, or (3) as authorized by the parent/guardian of the student witness, or by the student if the student is 18 years of age or older. Within 30 school business days of the date the complaint was filed, the Complaint Manager shall file a written report of his or her findings with the Superintendent. The Complaint Manager may request an extension of time. If a complaint of sexual harassment contains allegations involving the Superintendent, the written report shall be filed with the Board, which will make a decision in accordance with the following section of this policy. The Superintendent will keep the Board informed of all complaints.

### **Decision and Appeal**

Within five (5) school business days after receiving the Complaint Manager's report, the Superintendent shall mail his or her written decision to the Complainant by U.S. mail, first class, as well as to the Complaint Manager.

Within ten (10) school business days after receiving the Superintendent's decision, the Complainant may appeal the decision to the Board by making a written request to the Complaint Manager. The Complaint Manager shall promptly forward all materials relative to the complaint and appeal to the Board. Within thirty (30) school business days, the Board shall affirm, reverse, or amend the Superintendent's decision or direct the Superintendent to gather additional information. Within five (5) school business days of the Board's decision, the Superintendent shall inform the Complainant of the Board's action.

This grievance procedure shall not be construed to create an independent right to a hearing before the Superintendent or Board. The failure to strictly follow the timelines in this grievance procedure shall not prejudice any party.

**Appointing Nondiscrimination Coordinator and Complaint Managers**

The Superintendent shall appoint a Nondiscrimination Coordinator to manage the District's efforts to provide equal opportunity employment and educational opportunities and prohibit the harassment of employees, students, and others. The Superintendent shall appoint at least one Complaint Manager to administer the complaint process in this policy. If possible, the Superintendent will appoint two (2) Complaint Managers, one of each gender. The District's Nondiscrimination Coordinator may be appointed as one of the Complaint Managers.

The Superintendent shall insert into this policy and keep current the names, addresses, and telephone numbers of the Nondiscrimination Coordinator and the Complaint Managers.

**WELLNESS POLICY**

Student wellness, including good nutrition and physical activity, shall be promoted in the District's educational program and school activities. This policy shall be interpreted consistently with section 204 of the Child Nutrition and WIC Reauthorization Act of 2004.

Goals for Physical Activity

The goals for addressing physical activity include the following:

- Nettle Creek School will support and promote an active lifestyle for students.
- Physical education will be taught in all grades and shall include a developmentally planned and sequential curriculum that fosters the

development of movement skills, enhances health-related fitness, increases students' knowledge, offers direct opportunities to learn how to work cooperatively in a group setting, and encourages healthy habits and attitudes for a healthy lifestyle. See Board policy 6:60, Curriculum Content.

- During the school day, all students will engage in a daily physical education course, unless otherwise exempted. See Board policy 6:60, Curriculum Content.
- The curriculum will be consistent with and incorporate relevant Illinois Learning Standards for Physical Development and Health as established by the Illinois State Board of Education.

**Nutrition Guidelines for Foods Available in Schools During the School Day**  
Any food brought in during the day for student consumption, must adhere to specific guidelines. At least 3 days before bringing food into the school, parents must complete the "Request for Food Served in the Classroom" and submit it to the classroom teacher. This form must be approved by both the classroom teacher and the school superintendent. Items may not be brought into the classroom that are not on the approved list and that are not pre-packaged. The approved list can be found at [www. http://snacksafely.com/safe-snack-guide/](http://snacksafely.com/safe-snack-guide/). Scroll down until you see the box "Click Here to See the Safe Snack Guide". Please note that this list is regularly updated, and you can even sign up for e-mail updates. Exceptions to this will be made only for special events and on an individual basis. In either case, the "Request for Food Served in the Classroom" form must be completed. Please note that pre-washed, store packaged fresh fruit is also permissible.

This policy covers food that is brought into the classroom to be shared with other students – not, for example, an item that is brought in for an individual student snack or for an individual student lunch brought from home.

### **Parties and Treats**

Classroom parties are held near certain holidays such as Halloween, Christmas, and Valentine's Day. Parents/Guardians may be asked to furnish treats for those occasions. Also, many parents/guardians desire to furnish treats for the class on their child's birthday. All treats brought in to school must be in line with Policy 6:50 (School Wellness) included in this handbook. Forms need to be filled out at least 3 days prior. The school discourages the use of balloons, noisemakers, or toys of potential nuisance at school parties. We ask that Halloween costumes not reflect violent themes. Students may not bring in guns or look-alike guns as part of the costume. Parents need to check with the teacher and/or administration regarding distribution of treats as it relates to allergies.

Administering Medicines to Students

Students should not take medication during school hours or during school-related activities unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child and otherwise follow the District's procedures on dispensing medication.

No School District employee shall administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed "School Medication Authorization Form" is submitted by the student's parent/guardian. No student shall possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this policy and its implementing procedures.

A student may possess an epinephrine auto-injector (EpiPen®) and/or medication prescribed for asthma for immediate use at the student's discretion, provided the student's parent/guardian has completed and signed a "School Medication Authorization Form." The School District shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication or epinephrine auto-injector or the storage of any medication by school personnel. A student's parent/guardian must indemnify and hold harmless the School District and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine auto-injector and/or medication, or the storage of any medication by school personnel.

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

The Building Principal shall include this policy in the Student Handbook and shall provide a copy to the parents/guardians of students.

## **Computer and Internet Acceptable Use Agreement**

Internet access is available to students and teachers in the schools of Nettle Creek Community Consolidated School District #24C. (Subsequently identified as “the district”.) We are very pleased to bring this access to our schools and believe the Internet offers vast, diverse, and unique resources to both students and staff. Our goal in providing this service to teachers and students is to promote educational excellence in district schools by facilitating resource sharing, innovation, and communication.

The internet is an electronic highway connecting thousands of computers worldwide and millions of individual users. Students and staff have access to:

1. Limited electronic mail communications with people all over the world.
2. Information and news from government sources, research institutions, and other sources.
3. Public domain software and shareware of all types.
4. Selected discussion groups on a wide range of topics.
5. Many public and private libraries, the Library of Congress, and the Educational Resources Information Clearinghouse (ERIC).

With access to computer and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of a school setting. On a global network it is impossible to control all materials, and an industrious user may discover controversial information. The district believes that the valuable information and interaction available on this worldwide network far outweigh the possibility that users may procure material that is not consistent with the Learning Outcomes of the district.

Life is a series of choices and consequences. The district has chosen to make internet resources available to students in the belief that they will have access to far more information than if they had to rely solely on their school’s library resources. If a student chooses to use these resources for finding information that will be of assistance in learning, the result will be continued access to the internet. If a student chooses to access resources that are objectionable, adult-oriented, or restricted, the consequence will be suspension or termination of access privileges. The signature at the end of this document will indicate each party who signed has read the terms and conditions and understands their significance.

## Computer and Internet Terms and Conditions

1. **Acceptable Use.** The original purpose of the Internet was, and largely still is, to support research and education in and among academic institutions in the United States by providing access to unique resources and the opportunity for collaborative work. The use of school computers must support education and research that is consistent with the Learning Outcomes of this district. Use of another organization's network or computing resources must comply with the rules appropriate for that network. Transmission of any material in violation of any U. S. or state regulation is prohibited. This includes, but is not limited to: copyrighted material, threatening or obscene material, or material protected by trade secret.
2. **Network Etiquette.** Users are expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:
  - A. Be polite. Do not get abusive in your messages to others.
  - B. Use appropriate language. Do not swear, use vulgarities or any other inappropriate language. Illegal activities are strictly forbidden.
  - C. Do not reveal personal addresses, phone numbers, or passwords of students, teachers, administrators or other staff of this district, including your own.
  - D. Note that electronic mail (e-mail) is not guaranteed to be private. People who operate the system do have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities.
  - E. Do not use the network in such a way that you would disrupt the use of the network by other users.
  - F. All communications and information accessible via the network should be assumed to be private property (i.e. copyrighted).
  - G. Hate mail, harassment, discriminatory remarks and other antisocial behaviors are prohibited on the network. Therefore, any messages should not contain profanity, obscene comments, sexually explicit material, or expressions of bigotry or hate.
  - H. Student subscriptions to electronic mailing lists are not allowed on school district accounts.
  - I. From time to time, system administrators will make determinations on whether specific uses of the network are consistent with the school district's acceptable use policy.

3. **Accuracy of Information.** Use of any information obtained via the Internet is at your own risk. Nettle Creek School District #24C specifically denies any responsibility for the accuracy or quality of information obtained through District accounts. Information (including text, graphics, video, etc.) from Internet sources used in student papers and reports should be cited the same as references to printed materials.
4. **Security.** Security on any computer system is a high priority, especially when the system involves many users. If you feel you can identify a security problem on the Internet, you must notify a teacher or principal. Do not demonstrate the problem to other users. Users shall not intentionally seek information on, obtain copies of, or modify files, other data, or passwords belonging to other users on the network. Attempts to gain unauthorized access to system programs or computer equipment will result in cancellation of user privileges. Downloading of information onto the school district's computer hard drives is prohibited; all downloads must be to floppy disks. Any user identified as a security risk or having a history of problems with other computer systems may be denied access to District Computers.
5. **Vandalism.** Vandalism will result in cancellation of privileges as well as other sanctions cited in the Student Handbook. Vandalism is defined as any malicious attempt to harm, modify, or destroy computer hardware, data or another user, Internet, or any of the other networks that are connected to the Internet backbone. This includes, but is not limited to the uploading or creation of computer viruses.
6. **Inappropriate Use.** Nettle Creek School District #24C teachers and administration will deem what is inappropriate use, and their decision is subject only to confirmation by the Board of Education. The administration, faculty, and staff of Nettle Creek School District #24C may request the suspension or termination of computer use of any user who violates these acceptable use practices.

Pictures of Unnamed Students

Students may occasionally appear in photographs and video recordings taken by school staff members, other students, or other individuals authorized by the Building Principal. The school may use these pictures, without identifying the student, in various publications, including the school yearbook, school newspaper, and school website. No consent or notice is needed or will be given before the school uses pictures of unnamed students taken while they are at school or a school-related activity.

Pictures of Named Students

Sometimes the school may want to identify a student in a school picture. For example, school officials want to acknowledge those students who participate in a school activity or deserve special recognition.

In order for the school to publish a picture with a student identified by name, one of the student's parents or guardians must sign the consent below. Please complete and sign this form to allow the school to publish and otherwise use photographs and video recordings, with your child identified, while he or she is enrolled in this school.

**I grant consent to the School District to identify a picture of my child, by full name and/or the school he or she attends, in any school sponsored material, publication, video recording, or website.
