

# Nettle Creek Music

## Second Quarter News

I hope you all enjoyed the wonderful Program your children presented to you! I've thoroughly enjoyed working with them to put it together for you!! Thank you for sharing your children with me!

Mrs. Sue Burich  
Nettle Creek Music Teacher  
Sue.burich@nettlecreek.org

### Looking forward to Third Quarter

We will continue to work on rhythms with K-1 and learning fun songs.

2-3 will be adding rhythm instruments to songs, learning about notes and rhythm counts, and of course, singing some fun songs.

4-5 will continue learning songs to help with their other subjects, learning bits about classical composers, and learning about notes and music notation.

6-7-8 will learn more about notes, rhythm counts and notation, as well as learning bits about classical composers.

4<sup>th</sup> thru 8<sup>th</sup> grade will be playing Recorders! We will start back up with Recorder Karate at Nettle Creek in February! I would like each student to have their own instrument. I have plans for next year's Christmas Program for these students and their recorders!

I will send home information as soon as I have it put together for you. I need to see what we already have at the school. If you already have a recorder at home, your child may use that instrument. It is not necessary that they get a new one.
